Summer

2020

Introduction

At Rose Hill School, we believe that a truly excellent school is about more than academic achievement alone: it is also about developing a passion for learning, a capacity for independent and critical thinking, self-awareness and resilience, self-confidence without arrogance and genuine interests beyond the confines of the classroom.

The School's co-curricular programme fosters these qualities and skills while supporting our academic programme.

The timetable is updated each term and the current version can be found on the school's website rosehillschool.co.uk/Information/Online-Forms
